

Funding Opportunities: 2019 Endeavour Leadership Program (ELP) by Australian Government

Dear Students,

We are pleased to inform that the Australian Government has announced a call for applications for 2019 Endeavour Leadership Program (ELP). ELP is the Australian Government's two-way mobility program for short and long-term study, research and professional development with Australia's priority partner countries.

The Australian Government invites high-performing student, researcher or education professional who is interested in travelling overseas to study and build expertise in their field to participate in this program. These funding opportunities will assist postgraduate study, research, vocational education and training and professional development.

Objectives of the ELP are to:

- support Australia's *National Strategy for International Education 2025*. The Strategy sets out a 10-year plan for developing Australia as a global leader in education, training and research, in particular through making transformative partnerships, and expanding student, education and training professional and research mobility.
- provide opportunities for high-achieving, established and emerging leaders to undertake a global mobility experience within their study, research or professional field, build enduring international networks, strengthen education and research engagement between Australia and priority countries, and enhance Australia's commercial success and economic prosperity.
- enhance Australia's reputation for excellence in international education through the continued internationalisation of the education, training and research sectors.

For more information on the application process, please refer to

<https://internationaleducation.gov.au/endeavour%20program/pages/endeavour-programs-landing.aspx>

The 2019 ELP Round is now open. Applications will close on **15 November 2018**.

For further information, kindly refer to the message below.

Good luck.
