## FBE Receives Another Accreditation

KUALA LUMPUR, Thursday:

The Pacific Association of Quantity Surveyors (PAQS) is an international association of national organizations representing Quantity Surveyors in the Asia and Western Pacific regions.

During the 21st Annual PAQS Congress held in Vancouver, Canada from 24 to 26 July 2017, the Bachelor of Quantity Surveying programme run by the Department of Quantity Surveying, Faculty of Built Environment, was accredited for 5 years (2017-2021) without any conditions.

This accreditation is endorsed by the Australian Institute of Quantity Surveyors, Singapore Institute of Surveyors and Valuers, Canadian Institute of Quantity Surveyors, Hong Kong Institute of Surveyors, Institute of Surveyors, Engineers and Architects Negara Brunei Darussalam, Institute of Quantity Surveyors Sri Lanka, New Zealand Institute of Quantity Surveyors, Royal Institution of Surveyors Malaysia and the Philippine Institute of Certified Quantity Surveyors.

FBE believes this will enhance the visibility of their programme and staff, as well as the employability of their graduates in the Asia Pacific region.

Congratulations to everyone at the Faculty of Built Environment. Well done Team UM!
